**SALES
SPECS**

MSRP

\$39⁹⁹

- ➡ Easy "align and tap" dry install
- ➡ Works with most popular brands of cases, including OtterBox
- ➡ Can be reapplied multiple times to help reduce defective rates
- ➡ Zero Hassle \$12.95 replacement which includes shipping
- ➡ Will not cannibalize screen protection category since it is higher margin than other screen protection products

GADGET GUARD

THE BLACK ICE EDITION

tempered glass protection from common calamities

TEMPERED GLASS

Thermally and Chemically treated to the **SAME HARDNESS AS SAPPHIRE AND TUNGSTEN**, Black Ice provides increased impact protection and a more natural touch and feel over traditional screen protection.

LAMINATED

Our Black Ice doesn't just protect your device, in cases of extreme impact it's **ANTI-SHATTER** layer will keep all the glass in one piece instead of a million tiny pieces in your fingers.

BEVELED EDGES

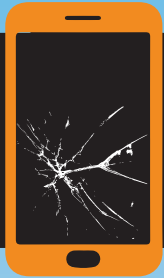

Much like actual Black Ice, once installed on your device you will barely notice its there. The beveled edges and natural feel of Black Ice make it the epitome of Safe Can Still Be Sexy™.

.33 mm THIN

At just **.33mm THIN** and nearly 20% thinner than competitors, Black Ice combines the perfect balance of Protection and Performance into the Ultimate user experience.

PROTECTION VS PERFORMANCE

WITH BLACK ICE FROM GADGET GUARD YOU HAVE BOTH

30%

of iPhone owners have experienced accidental damage in the past 12 months

50%

of iPhone users under 35 have experienced accidental damage to their phone

10 TIMES MORE

Accidental damage is 10 times more common than either loss or theft for iPhone users
