

Capture™

Ultra-Rugged Case with Rotating Hand Strap

Engineered for durability and superior protection, the multi-layered Capture™ Case is your ideal choice for ultra-rugged defense. The Capture™ Case offers optimal versatility including an adjustable 360° rotating handle, multi-layered protection composed of silicone and high density polycarbonate, as well as secure sealed covers to keep your essential ports safe and sound. Take on-the-go tablet protection to the next level with the Capture™ Ultra-Rugged Case.

FEATURES

 Removable 360 degree rotating handle with adjustable strap for a comfortable firm hold in hand.

 Interchangeable plate with a foldable kickstand makes hands-free viewing convenient and hassle-free.

 Splash and dust resistant sealed ports for secure protection against the elements.

 Ultra-rugged multi-layered design composed of shock absorbent polymer and rigid Plextonium™ polycarbonate shell.

INCLUDES

- Capture Case
- Back plate with 360 degree rotating adjustable strap
- Back plate with foldable kickstand
