

DualPro® Highwire™

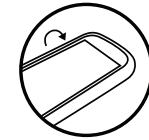

Dual Layer Case with Dual Injected Shell

Combining the classic protection of our DualPro® case with the new and sturdy Highwire™ case, you get the innovative design of the DualPro™ Highwire™. Taking the best of both worlds, you get an interlocking two-piece case for twice the protection as well as the added enhancement of dual injected materials for extra grip and durability. Lightweight, rugged, and eye-catchingly stylish, the DualPro™ Highwire™ delivers long-lasting, premier smartphone protection.

FEATURES

- Innovative hybrid design: Two layers of defense for excellent drop protection while remaining thin and easy to hold.
- Lightweight, rigid Plextonium™ polycarbonate outer shell shields against scratches and features a dual-injected design for resilient durability and protection.
- Semi-flexible dLAST™ TPE core absorbs the shock from drops and impacts.
