

Trestle®

Defend Against the Bend

Prevent catastrophic damage to your device with the Incipio Trestle® Case. With a tough shell lined with dual reinforced rods, the Trestle® Case limits the chance of your device bending under pressure. Never worry while your phone is in your bag or pocket; we've got you covered.

FEATURES

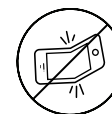

- Durable co-molded design provides double the defense in a single form-fitting case
- The rugged hard shell back is reinforced with strengthened rods to prevent bending
- Frosted translucent shell lets your device show through
- Flexible polymer bumper delivers long-lasting shock absorption against drops and impacts
