

EDGE®

Hard Shell Slider Case

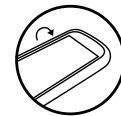

Incipio's EDGE® Case satisfies your need for all-around device protection with virtually no added bulk. Comprised of a two-piece sliding design for docking and device removal, the rigid Plextonium™ polycarbonate frame covers all edges of your device, while the inner impact absorbing corners and lining provide added protection. The sleek, slim EDGE® Case features a soft-touch finish that provides durable protection with a low-profile feel.

FEATURES

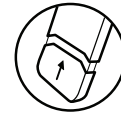

- Slim, two-piece sliding design for easy docking and device removal and compatibility with oversize headphones and auto chargers
- Durable Plextonium™ polycarbonate two-piece shell provides rigid protection around all edges of your device
- Premium soft-touch coating provides a comfortable grip
- Shock-absorbing inner liner and impact absorbing corners provide additional cushion against impact
