

Single Port USB Car Charger

Qualcomm® Quick Charge™ 2.0 Enabled Car Charger

Take mobile charging to all new levels with Incipio's Qualcomm Quick Charge 2.0 enabled car charger. Enjoy more raw power in less the time than a traditional charger for rapid charging even during the shortest of car rides. Made of premium materials with a sleek matte finish, the Quick Charge 2.0 enabled car charger is sure to keep your mobile devices powered up and ready to go!

FEATURES

- Single USB port to accommodate your Quick Charge 2.0 enabled device.

- Qualcomm Quick Charge 2.0 technology allows for up to 75% faster charging with compatible devices.

- High quality build with sleek black matte exterior and easy-to-read LED charging indicator.

**UP TO 75%
FASTER CHARGING**

**CLASS A
5 / 9 / 12V**

WHAT IS QUICK CHARGE?

Quick Charge is the next generation of fast charging technology for smartphones, tablets, and larger mobile computer devices like slim notebooks. It is available today in a wide range of devices, including over 70 that are based on Snapdragon™ processors.

HOW DOES QUICK CHARGE 2.0 WORK?

For Quick Charge 2.0 to work, both device and charger must support the technology. When the device is plugged into the charger, they begin a process to identify if they are compatible. Once both sides confirm compatibility, the device will request additional voltage from the charger to give you that extra boost!

FULL CHARGE (0% ~ 90%) COMPARISON 3300MAH SMARTPHONE BATTERY

	Traditional	Quick Charge 2.0
25% Charge	60 minutes	12 minutes
50% Charge	120 minutes	24 minutes
75% Charge	192 minutes	42 minutes
100% Charge	270 minutes	96 minutes

TRADITIONAL CHARGING

QUICK CHARGE 2.0
