

## EXPERIENCE THE FREEDOM OF REAL WIRELESS

### LG TONE FREE™

Experience real wireless stereo like never before with the LG TONE FREE™, featuring wireless earbuds that charge while they are docked in the neckband, always ready for immediate use. The neckband not only provides extra battery power and vibration alerts for incoming calls, but it also provides a secure place to hold the earbuds when not in use, making them far less likely to be misplaced. Balanced armature speakers deliver high-resolution audio, rich bass and better treble through the wireless earbuds, designed to optimize your listening experience — no tangles, no hassles.

**REAL WIRELESS STEREO**

**DUAL MEMS MICROPHONES**

**EASY IN-BAND CHARGING**

## REAL WIRELESS STEREO EARBUDS WITH ALL-DAY IN-BAND CHARGING
