

MONSTER®

CLARITY™ BT

DESIGNER SERIES

HIGH DEFINITION WIRELESS HEADPHONE

YOU DESERVE BETTER. STEP UP TO MONSTER

The Monster® ClarityHD™ high performance Bluetooth headphone packs cutting edge technology and premium features into a sleek low profile modern design.

Better Build

The highest quality materials and design are implemented like the ultra-flexible headband, precision folding hinges, non-slip silicon head pad, for durable style and function.

Better Sound

The Clarity HD offers outstanding sound and three ways to listen; either wireless Bluetooth with AptX, wired analog or Monster direct digital audio. In Addition, the audio experts at Monster have custom tuned two sound profiles to choose from for a phenomenal listening experience.

Better Comfort

Ultra so cushions and pivoting ear cups align comfortably to your ears and the headband naturally contours to your head.

Clearer Calls

Monster technology allows you to hear your own voice naturally during calls. Advanced digital echo suppression, reduces unwanted noise, and the high intelligibility mic ensures crystal clear calls.

Cooler Tech

Cutting-edge touch Swipe Controls for play/pause, tracking, and volume, and answering calls without buttons. With an extended battery life you can listen to music day and night, a battery level voice prompt and an LED lets you know when it's time to charge.
