

#1 MOST TRUSTED  
in smartphone case protection\*

## Alpha Glass *PROTECTION for* Samsung Galaxy Note5

### Fortified Protection:

Protect your touchscreen against scratches and scrapes with Alpha Glass for Galaxy Note5. Fortified, anti-shatter glass defends your display — reactive touch retains sensitivity. Plus, you get options: Crystal Clear for immaculate clarity, or Privacy Glass for ultimate discretion. Best yet, both work with your S Pen so nothing gets between you and your touchscreen.

### Alpha Glass Exclusive Features:

- **Fortified:** anti-shatter glass defends your touchscreen
- **Flawless:** maintains pristine image quality
- **Reactive:** retains touchscreen responsiveness
- **Anti-shatter:** fortified to avoid scratches, splinters and shatters

### Crystal Clear Features:

- **Immaculate:** preserves touchscreen vibrancy, sharpness and clarity

### Privacy Glass Features:

- **Privacy:** conceals display from side views for ultimate discretion
