S-View Flip Cover

The Samsung Galaxy S 6 S-View Flip Cover protects your screen when it is not in use and is easily flipped open for full screen access. When closed, the S-View cover offers instant access to critical features through a unique window interface.

- Instant access to critical features through S-View window interface including time, weather and other status items
- Accept or reject incoming calls with just a swipe, or reject calls with a preset message
- Control your music playback directly on the S-View screen
- Receive all missed item notifications in the expandable recent activity menu – not just calls and messages
- Swipe left to access/use your phone's camera without opening the cover
- Swipe right to dial contacts from your Favorite Contacts list

To install, align bottom edge of phone with bottom clips of case. Push phone into case making sure all four corners click into place securely.

MSRP \$49.99
