Design

Made for those who want fashionable technology accessories without having to compromise protection or quality.

Perfect for the fashion-forward and statement-driven girls, empowering them to make their technology personal and desirable.

Quality

A raised shock-absorbent bumper to protect the screen surface from any accidental damage.

Easy press-protected buttons for streamlined usability.

Our cases are triple UV coated to prevent scratching or chipping of the design and foiling detail.

Military drop tested by UL

- > The phone was dropped a total of thirty times from a height of 6.6 feet onto a hardwood surface. Dropped on all corners, sides and faces of the phone
