

IDEAL MAGNET

The iDeal Magnet simplifies daily life in so many ways. It covers an amazing range of applications and is extremely easy to use, allowing quick removal and attachment.

It works on almost any phone or tablet, even with a case attached, and is perfect for reading a recipe in the kitchen, as a mobile phone holder in the car or beside the bed, as a key holder, for placing the TV remote away from the kids, as a telephone stand in the office; it can be attached to fridges and whiteboards and much more. iDeal Magnet can be

mounted directly without tape on any metallic surface, or be mounted anywhere else with the supplied 3M tape. Four integrated N52 magnets hold up to 500g and are therefore suitable for any phone on the market as well as many lightweight tablets. The packaging contains 1 extra-thin metal plate. The magnet is part of the iDeal Concept and works perfectly with all our compatible wallets and cases.
